Template Application Form

Task 1: Eligibility Quiz

If your organization meets the eligibility criteria below, you are encouraged to apply for the Fund for Gender Equality, a collaboration between CFC and the Equality Fund with support from the Government of Canada.

Note: the Eligibility Quiz and Application must be completed by a representative of the organization (qualified donee, see Question A) who will accept and be responsible for this grant.

1. Will the project take place in a participating community?

The Fund for Gender Equality is hosted through participating local community foundations ([list here](#)), and is only available to projects taking place in the participating communities.

- Yes No

2. Will the application be submitted by an eligible organization?

The Fund for Gender Equality will support projects led by **qualified donees**, or organizations partnered with qualified donees, that are at the **‘heart’** of the women’s movement— those organizations that have demonstrated a long-term commitment to empowering women, girls, Two-Spirit, and gender-diverse people through their mission, activities, and/or partnerships.

A. Will the application be submitted by a qualified donee, or by a partnership between a qualified donee and a non-qualified donee?

[Qualified donees](#) are defined by the Canada Revenue Agency and include the following:

- [registered charities](#);
- [registered Canadian amateur athletic associations](#);
- [registered Canadian municipalities or their housing, cultural and recreational agencies](#) (sorted by province/territory);
- [First Nations and other registered municipal or public bodies performing a function of government in Canada](#).

Choose one response:

- Yes** - The application will be submitted by a qualified donee.
- Yes** - The application will be submitted by a partnership between a qualified donee and a non-qualified donee (ie. a ‘fiscal sponsorship’ arrangement)
- No** - The applicant is a non-qualified donee, that does not have a formal partnership with a qualified donee.

ATTN: If your application will be presented by a partnership between a qualified donee and a non-qualified donee (ie. a ‘fiscal sponsorship’), you will be required to upload a copy of the [Intermediary Agreement](#) in the section of the application process that asks questions about the ‘Applicant Organization(s)’.

B. Is the organization that will lead the project activities and deliverables at the “heart” of the women’s movement?

Organizations would be considered at the “heart” of the women’s movement if they have demonstrated a long-term commitment to empowering women, girls, Two-Spirit, and gender-diverse people through their mission, activities, and/or partnerships.

If the application is being submitted by a partnership between a qualified donee and a non-qualified donee within the women's movement, this answer may refer to the experiences of the non-qualified donee.
